

The Suite Way to Due Diligence

From the President: Candy Marshall

Since the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005 went into effect, maintaining a profitable bankruptcy practice has become more challenging. Suite Solutions can help streamline your practice, providing you with fast and accurate online credit reports and other due diligence services.

A member of the Online Credit Reporting Corporation family, Suite Solutions is the pioneer in providing online services for bankruptcy practitioners:

We figured out early on that getting your clients' credit reports through your bankruptcy preparation software would save you great amounts of time. We were the first to approach the software companies to make that possible, and we have more such partnerships than any provider of credit reports for bankruptcy attorneys.

We realized immediately that you need reports from all three national credit bureaus to be sure that your filings included all liabilities and liens. Right from the start we've provided three-bureau reports. Now that BAPCPA has made attorneys more accountable for complete and accurate debtor information, three-bureau reports are more important than ever.

Now that you need more documents to fulfill your due diligence requirements and help your clients comply with the reform law, we've gone to great lengths to search out the best sources of transcripts, evaluations, credit counseling and debtor education services. In this fast emerging arena, not all suppliers of consumer records and debtors services are equally reliable or equally cognizant of the law. Partnering with the best and delivering those services to you in a helpful and timely manner is what we're all about. I invite you to discover for yourself the 'suite' way to due diligence!

Best regards,

Candy

“Suite Solutions isn’t about price; it’s about value. Accurate filings mean better credibility with Trustees, no lost time duplicating work to make corrections, and far fewer post-filing phone calls from clients. Data integrity impacts both my reputation and my bottom line. With Suite Solutions that means a positive impact.”

Import 3-Bureau Merged Credit Reports Straight Into Your Software

Make no mistake! All credit reports available to attorneys are not created equal. To make sure you are in compliance with the bankruptcy reform law, you need the information from all three national credit bureaus, plus detailed medical information, plus public record information. To make sure your clients have the slate wiped clean by filing bankruptcy, you need to know about all their outstanding liabilities and liens.

Suite Solutions' merged three-bureau reports provide you with all the information on your client compiled by Equifax, Experian and Trans Union. Compare what's available to you. Then protect yourself and your clients with the most accurate and complete credit reports available.

To save you time and trouble, we've partnered with the major bankruptcy software companies to allow you to import your clients' credit reports directly into the schedules in your bankruptcy preparation software. We are proud to work with these fine companies and add power to these software programs:

-  Bankruptcy2007 – New Hope Software, Inc.
-  BankruptcyPRO – LegalPRO Systems, Inc.
-  Best Case Bankruptcy – Best Case Solutions
-  Chap 7..13 – West, A Thomson Business
-  Pro-Forma – Legal Solutions, Inc.

“Looking at one bureau is a useless endeavor; you need to look at all three. People tend to pull one and think everything is the same on all of them. That’s not normally the case.”

"The Credit Report Import Feature is so valuable to our bankruptcy preparation process that we now require all clients to pay for the cost of ordering the reports. When you consider that it usually costs more to add creditors to amended schedules than the cost of the reports, why wouldn't every good bankruptcy lawyer do it right the first time?"

Counseling and Education Suite

Let Your Clients Choose the Right Counseling and Education Services

To best accommodate your clients' needs and circumstances, Suite Solutions has identified excellent sources of Credit Counseling and Debtor Education.

Debt Education & Certification Foundation (DECAF)

Debt Education & Certification Foundation is a non-profit company providing Pre-Filing Credit Counseling and Pre-Discharge Education courses. Courses are available in English and Spanish, and can be taken by Internet or by phone. Debt Education & Certification Foundation does not offer debt management repayment programs or accept any funding from credit card companies.

Attorney accounts can be created to allow the attorney to register clients for the appropriate course, track the progress of online courses and download certificates directly from their attorney account (in addition to certificates being emailed to the attorney as a PDF attachment appropriate for electronic filing).

Visit the Foundation's website at www.bkcert.com/ss or call 1-866-859-7323 for details on discounted pricing for clients registered through an attorney account. Clients can also be directed to the website to register themselves.

Institute for Financial Literacy

The Institute for Financial Literacy is a 501(c)(3), tax exempt not-for-profit organization that provides both pre-filing credit counseling and post-filing debtor education services. All programs are available by Internet or telephone, and certificates are provided within 30 minutes of a client completing a program.

The Institute is a financial education organization focused on presenting unbiased, neutral information to its clients and does not offer debt management plans, debt re-negotiation, debt settlement or any similar type of services. The Institute is the only agency which has been approved in all judicial districts for both pre and post filing programs.

For more information visit www.financiallit.org or call 1-866-662-4932.

Hummingbird Credit Counseling and Education

Developed by a bankruptcy attorney, Hummingbird provides unbiased, low-cost Internet credit counseling and education.

The required pre-filing credit counseling is offered and priced on a per case basis, rather than a per person basis, in all United States Trustee districts. The required post-filing financial education is priced using a per person rate. All services are available in Spanish as well as English. A high-speed Internet connection is needed.

Hummingbird Credit Counseling and Education, Inc. is a non-profit organization dedicated to unbiased, quality education. It does not offer debt management plans or accept any funding from creditors or creditor groups. Hummingbird was created in part by Victoria Wright, a former Bankruptcy Judge Law clerk with 8 years of experience in debtor practice. For more information visit www.hbcce.org or call 1-800-645-4959.
